

**WE ARE GASTEINER.**

**PROMOTIONAL ARTICLES.**

Water has been collected in the shale stone of the Hohe Tauern for thousands of years.

Gasteiner mineral water thanks its unique purity, its particularly well-balanced mineralisation and its neutral, agreeable taste to the pristine, high-alpine mountain range.

Attractive promotional articles such as the stylish glass or the elegant bottle cooler help to boost sales success.

# CRYSTAL CLEAR GASTEINER.

Gasteiner mineral water comes from the Hohe Tauern nature reserve, the largest Alpine National Park in Europe. This unique, pure mineral water emerges crystal clear from the depths of the pristine, high-alpine mountain range.

The source of Gasteiner mineral water can be found in the crystalline primary rocks of the Gasteiner Alps. It is a unique Austrian mineral water, of which the headwater area is protected by the strict constraints of the national park.

# COMPLETE RANGE.

Gasteiner comes from the Hohe Tauern conservation area. The pure mineral water emerges crystal clear from the depths of the unspoiled, high alpine Austrian mountains. It is the unique mineral water from the Hohe Tauern National Park. The Gasteiner crystal bottle perfectly presents the purity of the unique, high-alpine mineral water and enables the valuable Gasteiner mineral water to shine in a new light.

The pH-value is about 7.12.	

# WHAT'S INSIDE.

Gasteiner mineral water has a particularly well-balanced mineral content which makes it extremely pleasant to drink and neutral in taste. Consequently, Gasteiner is also the perfect accompaniment for wine, coffee and high-quality meals. It is also particularly well suited to diets low in sodium. Its pH-value is about 7.12.
